Cancer Love & Sex Forecast 2010:

When you fall in love Cancer, you want to nurture your relationship in every capacity. You love to feed the mind, body and soul of your partner. Whether it's through sensitive conversation, a home cooked meal or mind blowing sex, when the Cancer is in love you're fully present and willing to do anything to maintain the emotional security you feel in your partnership.

This year you may experience many changes in the dynamics of your individuality and your role in relationships. Don't run for cover – hiding inside your shell in 2010 will only make you feel more vulnerable. Sometimes, change is good.

Cancer in a Relationship Forecast 2010:

In 2010 Cancer will experience Eclipses that fall in your sign and your partnership sector. These Eclipses will completely alter the landscape of your relationship and for some it will indicate a new beginning while for others it will be time to part ways. Much depends on the aspects these Eclipses make in your personal chart.

In general however, the Solar Eclipse on January 15th 2010 in your 7th house of partnership is linked closely to Venus, the planet of love. This suggests a possible engagement or marriage for the Cancer. There will be joy in love. The rough patch comes on the Lunar Eclipse in this part of your chart June 26th 2010. Control becomes a factor and the Cancer might decide it's time to "let go."

Single & Dating Cancer Forecast 2010:

If you're single in 2010 then the Solar Eclipse on January 15th 2010 might change all that. If you are dating someone around this time then expect a new level of commitment to be reached – one that makes you feel like you've got something solid. From October 8th 2010 until November 18th 2010 Venus, the planet of love, will be retrograde in your 5th house of romance and sex. You may reunite with an ex or fantasize about this person and all of the cosmic sex you used to enjoy together, Cancer.
